DAILY SUPPLEMENT RECOMMENDATION

NUTRISLIM

MEAL REPLACEMENT

Use as recommended in the Nutri Slim meal plan above. At least 1x sachet daily.

Nutri Slim is a nutritionally complete on-the-go solution. High in protein and fibre it is designed to keep you feeling fuller for longer. Packed with all essential vitamins, minerals and digestive enzymes it has everything you need and want from a high quality meal replacement.

LIPOFAST

MOBILIZE FAT | APPETITE CONTROL

Consume 2 capsules 30 minutes before breakfast with 200ml water.

A second serving can be taken before lunch if required.

Lipo Fast is designed to reduce hunger which is ideal for low calorie diets. It's combination of herbal ingredients also assist in mobilizing fat as energy.

TEACLEANSE

DETOX SLIMMING TEA

Add 1 tea bag to freshly boiled water and allow to brew for 3 minutes. Gently squeeze the tea bag to release any remaining extract. Consume on an empty stomach before breakfast. A second cup can be taken before bedtime.

Tea Cleanse consists of all natural ingredients targeted to detoxify the body and improve digestive processes.

CELL ENERGY SHOT

Consume 1 bottle (100ml) early in the day or after breakfast.

Cell Energy Shot is a caffeine free energy booster packed with B-vitamins and other key ingredients to help cellular energy. The combination of ingredients and it's functions are a great way to get through the day during calorie deficit diets.

IMPORTANT: Please refer to the warnings and usage guidelines of each product listed above before use.

*In a controlled 4 week trial of 30 participants aged 22 to 58 with a BMI greater than 30, individuals were given 2 products to help reduce overall body weight and to improve physical health. The products included a Meal Replacement Shake (Nutri Slim) and an Appetite Control capsule (Lipo Fast). Over the 4 week trial, participants averaged a 5,3kg drop in body weight with the limit ranging between 8kg - 12kg loss in body weight. Participants also experienced an average loss of 8cm along the waist and 8cm along the hips.
